Project Manager - Internship

Telico - Montréal, QC

Stage / Apprentissage

COMPANY DESCRIPTION

At Telico, we want to create long-lasting relationships with our customers and work with them to provide the best business communications solutions to support their success. Our team strives to improve service pricing, features and reliability. Telico has a proven track record of delivering great technology. Our commitment to innovation has enabled us to deliver breakthrough technologies that change the telecom landscape.

JOB DESCRIPTION

The Project Manager is responsible for providing a successful implementation experience for Telico customers. The PM works with the customer, Telico provisioning teams and external partners, to define and coordinate all aspects of the implementation.

The scope of a project includes defining roles and responsibilities, managing through dependencies, and hitting milestones on time.

This includes working with pre and post-sales engineers, Mid-Market Technical Account Managers, number porting specialists Sales executives and 3rd party vendors to ensure end to end management of the project, from the initial scope, to the final provisioning of services, including product training. As a successful PM, you will develop and build healthy relationships with Telico customers, partners and vendors, to promote new and ongoing business opportunities.

QUALIFICATIONS

Experience in project management
Ability to work with teams of professionals with diverse technical and business backgrounds
Ability to plan and manage logistics involving multiple teams
Superior technical and business problem-solving skills
Experience interfacing with business clients, support groups and 3rd parties
Proven experience working with project management techniques and tools
General working knowledge of VoIP and Network technologies
Strong organizational and analytical skills that include the ability to respond to changing needs and shifting priorities while minimizing project impact
Strong presentation and leadership skills
Strong verbal and written communication skills

We are looking for a team player that is looking to not only learn but also be part of a fun and dynamic team.

Applicants applying for this position should be Project Management/ Operations majors. Must be able to work from our Montreal Office. We provide flexible hours.
